week 3

Focus on developing your mindset on how business ideas should be launched and validated. We will also work on setting your individual startup goals for the program to ensure your further progress.

It is all about getting practical and planing the campaigns that will help you to validate your idea or MVP and get first customers. We will discuss different sales and marketing channels that can help you to achieve this goal.

We will give you structure, content advice, and templates for creating or renewing your investor's deck and practising your pitch which are crucial components for successful attraction of funding or other opportunities.

week 4

Progress Day is an intensive 3-day startup bootcamp designed to supercharge your growth! Hands-on pitch practice, expert-led workshops, and high-impact networking sessions. Gain valuable feedback from Firstpick and ROCKIT mentors, and learn the essential DOs and DON'Ts of securing funding from Jokubas Vaiciulis.

Standout startups will earn a coveted "Fast Track" to our final Graduation event, where you'll pitch to investors and an audience of innovation enthusiasts. Plus, enjoy an exclusive networking agenda with other founders (we are working on it), along with team-building activities to foster creativity and fun.
